

## Decimal Commemoratives (Large Format) - a further Five Years.

**Forty-five** large sized commemorative sets were issued between the start of 1986 and the end of 1990, involving **190** stamps, of which only **19** are known with Perfin. As with the first fifteen years, the majority of these decimal commemoratives are unknown with a Perfin, with **thirty-one** sets having no Perfin representative at all! For economy of space, *only issues* that are *known with Perfins* will have the *stamps illustrated*. Figures correct to *1<sup>st</sup> January 2019*
